Chapter 53

Confirmation of Dabbat al-Ard

Sura 8 ayah 61 says: “If they incline to peace, incline you as well to it, and trust in Allah. Surely He is All-Hearing. All-Knowing.” This verse in the Quran advises Muslims to always incline towards peace if non-Muslims are willing to do the same. It is only when this contract is broken that Islamic communities are encouraged by the words of the Prophet(alayhi s-salām) to impose Islamic teachings by way of military preparedness. This contract of peace is often and erroneously considered broken by the heinous actions of lone actors and violent radicals comprised of both self-proclaimed religious and non-religious extremists who look to do harm to both innocent non-Muslims and innocent Muslims respectively. This is where the Quranic prohecy concerning Dabbat al-Ard comes into view. In the Quran Sura 27 ayahs 82-86 it says: “And when the time for the fulfilment of Our Word against them will come, We shall bring forth for them a beast from the earth[Dabbat al-Ard] who will speak to them because people did not believe in Our Signs. Just imagine the Day when We shall muster from every nation a large group of those who gave the lie to Our Signs, and they shall be duly arranged in ranks until, when all of them have arrived, Allah will say: ‘Did you give the lie to My Signs even without encompassing them with your knowledge? If that is not so, what did you do?’ And the Word will come to pass against them because of their wrong-doing: they will then be able to utter nothing. Did they not perceive that We had made the night so that they may repose in it and made the day clear and shining.”

It can be understood that when the word is brought against all terrorists, both religious and non-religious, who misinterpreted the Quran and violated Sura 8 ayah 61’s injunction for an inclination towards peace(not unity or apostasy), Dabbat al-Ard(as a condemned non-Muslim from a low place) would arise and make it clear that the terrorists have misinterpreted the Quran. Because the terrorists did not conform or take the passage for peace seriously, they thus become silenced and confined to the Mars 360 system and judged to spend an eternity in the lake of fire with Dabbat al-Ard, who himself will go there first. This judgement would be applied

to all groups of violent radicals all throughout the world. Dabbat al-Ard, a creature from the earth coming from a low place, devises a system to mark off those terrorist elements and extract them away from Islam and all the other Abrahamic faiths, designating the terrorists of all races, religions, creeds, etc to the very lake of fire where Dabbat al-Ard resides. A good analogy would be how solvents are applied to liquid solutions in order to isolate and extract certain elements. Mars 360 would be the solvent that extracts the terrorist elements away from the liquid solution of religion, thus leaving the religion purified of any terrorist elements. While Mars 360(as Shaytan's religion) doesn't end terrorism, it does make a claim on all terrorists, which in turn keeps Islam and the rest monotheism purified of such elements. This claim by Dabbat al-Ard is why he goes to the fire first.

With the development of Mars 360 as a system of identifying adversarial qualities in human beings, we can thus devise a method of extracting the most extreme adversarial components away from Islam, Christianity, Judaism, etc. The manner in which this can be done is simply by identifying those who have given in completely to Mars energy by acting out the full measure of its qualities. An example would be a terrorist who—while claiming to act in the name of religion–has attacked a non combative sector of the human population, taking innocent lives in the process. With Mars 360, the terrorists can be diagnosed as fully under the influence of Mars(not monotheistic religion), assigned his appropriate Mars seal number according to his astrological birth data, and then formally extracted away from his claimed religious outlook. Mars 360 makes an official claim on the violent offender, which would fully absolve the Muslim and other monotheistic religious communities from having to endure any shame regarding the individual's action. Such is why the Prophet(alayhi s-salām) foresaw the importance of this incarnation. This fulfills the mission of Dabbat al-Ard—separating true peaceful Muslims from false violent Muslims. This distinction is also granted to other religions. This program will allow religions to live together in a more peaceful environment of tolerance, love and friendship without each having to succumb to apostasy. As a result, more people will desire to gravitate to religious faith after the fact of this major sign. Dabbat al-Ard`s Mars 360 program applied at the international level allows for the perpetrators of human rights violation to have their claim on religion formally annulled through receiving a mark of Mars.

The leaders of France must help initiate this process since Shaytan cannot incarnate until Mars 360 is identified formally by the religious communities as Satanic. This formal identification will alert believers that a major sign as taken place. This will thus allow believers of the past to elevate to heaven and Dabbat al-Ard(the author of this book) to descend into the Lake of Fire. This satanic creed should be understood as this: 666, which was forewarned in the Christianity's book of Revelation, was calculated to Mars 360 by Anthony of Boston(Dabbat al-Ard) in 2019 who then accurately called down fire from heaven in the form of escalation between Israel and Gaza by predicting in 2019 the exact timeframe of this escalation in 2020(relative to the rest of the year) to take place when Mars was within 30 degrees of the lunar node between January 15th and April 3rd. This fulfilled Revelation 13:13: "And it performed great signs, even causing fire to come down from heaven to the earth in full view of the people." Mars was defined as having an influence on the human condition by causing humans to display adversarial qualities toward various socially accepted constructs of expected behaviors. The adversarial or oppositionary qualities display itself in a lack of energy towards the tasks designated to each major section of the brain. When the Mars energy is fully given into, violence is the end result. The Mars 360 system is taking the position of Mars in a person's astrological birth chart and having it placed on an ID card or visibly on the individual. This system formulated by Dabbat al-Ard-- when used to brand a terrorist and seal his fate to the lake of fire by placing his astrological Mars position on his forehead will formally displace the person and his actions from his claimed religious ideology, which will thus keep the larger religious community out of the person's violent framework. This is in accordance with the Quran Sura 27 ayahs 82-86: "And when the time for the fulfilment of Our Word against them will come, We shall bring forth for them a beast from the earth who will speak to them because people did not believe in Our Signs. Just imagine the Day when We shall muster from every nation a large group of those who gave the lie to Our Signs, and they shall be duly arranged in ranks until, when all of them have arrived, Allah will say: 'Did you give the lie to My Signs even without encompassing them with your

knowledge? If that is not so, what did you do?' And the Word will come to pass against them because of their wrong-doing: they will then be able to utter nothing. Did they not perceive that We had made the night so that they may repose in it and made the day clear and shining."

The passage "large group of those who gave the lie to Our Signs, and they shall be duly arranged in ranks" affirms the designation of terrorists to Mars 360. This categorization as a gift to humanity will apply as an aid to all religions, protecting them from lone actors who would look to bring shame to their religion by carrying out heinous crimes. The result is a more peaceful existence between all religions without the threat of apostasy.

I implore the leaders of France to give Mars 360 a public significance so that terrorists around the world can be claimed and consolidated into the Mars 360 framework. The religious community leaders must come together and acknowledge that Mars 360 is the 666 of the book of Revelation, devised by Dabbat al-Ard in accordance with the Quran. That Satan has been given permission to incarnate at this time with his power-- with Mars as a vehicle-- demonstrated by the prediction of fire from heaven in which escalation in Israel for the year 2020 took place when Mars was within 30 degrees of the lunar node between January 15th and April 3rd and exceeded the amount of hostility that took place at any other point in the year when Mars was not within 30 degrees of the lunar node.

France's responsibility on this matter cannot be understated. France, as a distinctively strong and very powerful nation which has a history embedded in war and conquering, has a come a long way and is determined to achieve the values of lasting peace and friendship—setting a paradigm which infers that even the mightiest of nations can take peaceful route. This effort is noted and in no way interpreted as weakness. With the Martin Luther King Jr. paradigm declining in the West, France must remain prepared so that should the torch fall, someone can be there to lift it back up again.

Moshiac ben Yosef is to follow that example and have Mars 360 applicable in Israel—designating terrorists to the influence of Mars by having them assigned their appropriate seal number. This will keep Judaism, Islam and all religions' separate identity purified of any terrorist elements. This process will lead to Israel's redemption. Moshiach ben Yosef is to gesture toward Islam and Christianity by acknowledging the Mars 360 system as having messianic implications for Israel. Moshiach ben Yosef is also to be instrumental in helping re-establish the Magi Priesthood, assisting its leader in convincing Muslim nations that are hostile to Israel to adopt the Mars 360 system. This leader of the new Magi priesthood – with the help of Israel-- will travel to northeastern Iran, parts of Afghanistan and much of Central Asia to explain the Mars 360 system and how it can be used to help facilitate religious harmony within the state in a lawful manner. Because Saudi Arabia is ethnically tied to Islam, the Magi leader should bypass going into Makkah or Madinah. When this process is underway, Moshiach ben Yosef will initiate God's contraction or Tzimtzum by supporting the people of Israel in building an image of Mars/Ares/Horus on the Temple Mount before the Hebrew year 6000. This will remove God's presence from the earth while He is contracting. (The earth's magnetic fields are reversing during this time). It will be difficult for anyone to convert to any of the Abrahamic religions due to its sudden increase in value. As this process takes place, reconciliation or tawbah will be exceedingly difficult. The Temple Mount will, as a result, be vacated by the Abrahamic religious communities. Once the Temple Mount is cleared, construction of Ezekiel's temple can begin. Elijah will then come and announce the eventual arrival of Moshiach ben David. Elijah will also clear up contradictions in Ezekiel concerning the permission of Levitical priests to marry a widow or go near a dead body, which contradicts the passages in Leviticus:

Ezekiel 44:22 states: "Neither shall they [priests] take for their wives a widow, nor her that is put away; but they shall take virgins of the seed of the house of Israel, and a widow that is the widow of a priest.

Leviticus 21:11 states: He [the priest] is not to marry a widow, a divorced woman, or one defiled by prostitution. He is to marry a virgin from his own people

Ezekiel 44:25 states: A priest must not defile himself by going near a dead person; however, if the dead person was his father or mother, son or daughter, brother or unmarried sister, then he may defile himself.

Leviticus 21:11 states: He [the priest] must not go near any dead body; he must not defile himself, even for his father or mother.

Elijah will confirm that Ezekiel was given the correct revelation. He will confirm that it was God's command that the Temple process give credence to both Levitical laws and Solomonic wisdom. Moses is the inspired author of God's Law, while Solomon is the inspired author of God's wisdom. Elijah will explain that if God is revealing something based strictly on the law without wisdom, then God could not contradict the Torah. If He is revealing something based strictly on wisdom, then God could not contradict wisdom. If God is revealing something based on wisdom and law, then God could apply both simultaneously, which is how those passages in Ezekiel are to be understood. Because 666 was first identified with Solomon and later to messianic potentials by the Vilna Gaon, this application of wisdom and law as exclusive to the third Temple process qualifies Ezekiel as a true prophet of the Jewish people. Law does not necessitate wisdom and wisdom does not necessitate law, yet both are critical components of the Third temple and expressed perfectly in Ezekiel. After the temple is completed and after God finishes the Tzimtzum(contraction) by shining His infinite light on the new Temple, Moshiach ben David will then arrive on a donkey, enter the Temple, and later sacrifice a bull on Passover. He will permit Christians and Muslims to refer to him as Isa. After Moshiach ben David sacrifices a bull on Passover, he will break the cross by snapping it in two. He will then travel to Tel Aviv to formally end the Magi Priesthood in Israel and the Mars 360 system. As a result, Satan breaks free and terrorism starts again for a short time. After ending the Magi priesthood, Moshiach travels to Damascus by plane or helicopter to meet with a group of Muslims preparing to resist the Magi leader's arrival. Moshiach arrives to tell them the news that the Magi priesthood has been disbarred in Israel. The Imam[the Mahdi] from that Muslim group will then approach Moshiach and ask him if

he would like to lead the salat[prayers], Moshiach will decline and join the prayer service, allowing the Imam to lead the prayers in a gesture of respect. [This is after the Mahdi resolves conflict near the Kaaba]

Because the Mars 360 system was effective in keeping religion separate from terrorism, terroristic elements would return for a short time before a nuclear war ensues(when Mars is within 30 degrees of the lunar node). Many nations will be affected. Survivors from Sub-Saharan Africa will migrate north into North Africa and Arabia, eventually looting the Kaaba.

Gog and Magog is simply terrorist acts inciting large scale hostility. Moshiach ben Yosef putting that aspect to rest using Mars 360 signifies the first Gog and Magog battle. When Moshiach ben David ends the Mars 360 system, the brief return of this Gog and Magog—terrorism inciting large scale hostility—will be put down by a large scale nuclear holocaust. The earth's magnetic field will have completed its full reversal, bringing an end to all conversions to Islam as the sun would then rise in the west(relative to the year 2020`s north/south/east/west layout). This is followed by Dhul-Suwayqatayn's destruction of the Kaaba. Moshiach could not make it in time to save the Kaaba since Dhul-Qarnayn (fortress builder and nuclear strategist) concentrated most of his energies in Israel.

Christians have to keep in mind that once the Roman Catholic Church formally anathematizes Dabbat al-Ard and the Mars 360 system, the first resurrection for Christians will immediately ensue, elevating all believers of the past and present and shutting the door on those who haven`t believed. The remaining nonbelievers will have to either convert to Judaism or Islam in order to make it to the second resurrection via Moshiach ben David or the Mahdi respectively. The deadline for conversion to Judaism would be before Moshiach ben Yosef incites God`s Tzimtzum. The deadline for conversion to Islam would be either before Moshiach ben Yosef appoints the leader of the Magi priesthood or before that leader makes his first visit to either northeastern Iran, parts of Afghanistan or Central Asia. The Rabbis and Imams will be able to apply discretion or mercy on this critical matter of conversion, which will be in extreme demand.
